

October 27, 2023

Emran Consulting (Alberta) Ltd., Ruposi Bangla Aviation Services (Canada) Inc., and Ruposi Bangla Airlines (Bangladesh) Ltd. have decided to engage in negotiations with Boeing and representatives from United States government to lease or finance wide-body aircraft(s). The Chairman and CEO of Ruposi Bangla Airlines (Bangladesh) Ltd. will visit Washinton D.C. from November 30, 2023 to December 4, 2023 for Trade Negotiations with Boeing and the U.S. government. The topic in mind for Ruposi Bangla Airlines (Bangladesh) Ltd. is procuring at least two wide-body Boeing Aircrafts through either Emran Consulting (Alberta) Ltd. or Ruposi Group (Canada and/or Bangladesh) to be invested into Sri Lankan Airlines. Sri Lankan Airlines is the state-owned airliner which is divesting 49% share to private entities and raise capital in the order of 0.5 billion USD. It is a good opportunity for both Ruposi Group and Sri Lankan Airlines to partner together in lobbying the U.S. government in procuring the Boeing Aircrafts, at the same time, create access for duty-free Bangladeshi and Sri Lankan products such as Garments, Pharmaceuticals, and Tea.
